Public Announcement

FSM Embassy's New Website

Public Announcement No. 21-03

April 16, 2021

This is to inform the general public, most especially citizens of the Federated States of Micronesia (FSM) residing in the United States that effective May 01, 2021, the Embassy's current website address at fsmembassydc.org will be closing and transitioning to a new home at fsmembassy.fm. The Embassy is working diligently to ensure that information relating to services are properly transitioned and readily available on the new site and that no interruption of services is encountered by citizens while we work to make the new site better. Our goal and objective will always be to make sure that improvements are made in the services we provide. Please visit the new website at fsmembassy.fm when it's up and running including the new website links to the three FSM consulates in the U.S. In the meantime, should you need the assistance from the Embassy, please continue to reach out to us at (202)223-4383.
